WEBB ABRASIVES: PAPER DISCS

▶ 1950 SIASPEED (Purple)

DESCRIPTION

All-around versital and high performance disc due to innovative materials in grit, stearate and structure. Excellent cutting and high rate of removal on a variety of surfaces. Extended flexibility and life with synthetic resins and electrostatic coatings. Hook n' Loop cloth backing allows for easy use and removal. PSA discs have pressure sensitive adhesive backing with protective release liner or rolled.

OPERATION

Disc grips to appropriate backup pad. Attaches to a high speed or orbital vacuum sander.

APPLICATIONS

Ideal for hardwoods, softwoods, paint, sealer, lacquer, steel, non-ferrous metals and solid surface composites.

BACKING

HOOK N' LOOP - No Holes & All Hole Configurations

PSA - No Holes & All Hole Configurations

SIZE

5" & 6" diameter

5" & 6" diameter
